Thanks Joni. My understanding is we put \$1m on the contract and \$500K of that into a TO for GKM. My request is to put the remaining \$500K into the TO bringing the ceiling to \$1m. According to Joe, I have about \$250K remaining from the \$1m that HQ got us last week that we can use for the emergency reserve. I am putting in a request today for another \$250K to bring the reserve up to \$500K which we can then obligate to the contract. Also, I am requesting another \$1.8 million for work at the mine site specifically but don't have a breakdown from Steve if that is all ERRS or START or a combination (which is what I suspect). As soon as I know, I'll forward the information onto you. Thanks again. Hope all is well with you and your girls! - lw

Hi Laura,

I thought we put a million on the TO after all. Let me look into this. Thanks and will put in the request tomorrow am if needed!

Hey Joni, Happy Sunday!

Joe Poetter has updated me that we are nearing the \$500,000 cost ceiling on the Gold King TO (\$461K spent). We need to add an additional \$500K to the TO please. We will be requesting additional funds from HQ today and tomorrow to replenish our ER reserve so we'll be able to respond to emergencies through the end of the fiscal year. Call if you have any questions. Thank you, lw
